ABDULLAH HASSAN ALZABRY

CYBERSECURITY STUDENT | SOC OPERATIONS TRAINEE | JUNIOR IT SUPPORT

KSU GPA: 3.89 / 5.00

Location: Riyadh, Saudi Arabia • **Phone:** +966 507654135 • **Email:** abodih1522@gmail.com •
Nationality: Saudi (DOB: July 22, 2005) • **Languages:** Arabic (Native), English (Technical)

PROFESSIONAL SUMMARY

Dedicated Cybersecurity Diploma student at King Saud University (GPA: 3.89/5.00) with a strong passion for programming and technology since 2018. Combines academic knowledge with 200 hours of TVTC-certified training in Security Operations (BTL1), Penetration Testing (eJPT), Network+, Security+, and Linux. Possesses hands-on experience in mobile OS flashing, software recovery, and customer service, shift supervision, and POS cashier operations. Eager to secure a training or entry-level opportunity as a Cybersecurity Trainee or Junior IT Support.

TECHNICAL & PROFESSIONAL COMPETENCIES

Core Security & SOC: SOC Operations Fundamentals, Network Log Analysis, Cyber Threat Monitoring, Incident Triage.

Networking & Systems: TCP/IP, DNS, DHCP, Linux System Administration, Windows Support, Firmware Flashing.

Workplace & Service: Customer Service, Shift Supervision, Cashier & POS Handling, Inventory Updates.

Penetration Testing: Network Scanning, Vulnerability Identification, Port Enumeration, Kali Linux Labs.

Programming & Dev: Python Scripting, JavaScript Basics, HTML/CSS Web Structures, MakeCode & Block Coding.

Professional Skills: Technical Troubleshooting, Active & Fast Learner, Collaborative Teamwork, Adaptability.

PROFESSIONAL EXPERIENCE

Mobile Firmware & Systems Support Technician — Al-Atawi Telecom 2022 – 2024

- Programmed, flashed, and restored operating systems and firmware for mobile phones to resolve software crashes.
- Bypassed system locks and resolved complex boot loops or OS failures on customer devices reliably.
- Tested and performed hardware/software diagnostics on mobile phones and electronic accessories for customers.

Customer Service & Shift Supervisor (Cashier) — Kholasa Sep 2025 – Aug 2026

- Supervised daily shift workflow, organized counter tasks, and supported team members during busy hours.
- Managed cashier duties, Point-of-Sale (POS) transactions, payments, and daily inventory updates.
- Assisted customers directly, handled orders, and resolved inquiries smoothly in a fast-paced environment.

CERTIFIED CYBERSECURITY TRAINING

Abad Network (TVTC Approved, 2025) | Lic: 151231258 (200 Hours)

COURSE / CERTIFICATION TRACK	CORE TECHNICAL FOCUS	DURATION
Blue Team Level 1 (BTL1) Operations	Defensive Security, SOC Workflows, Log Analysis & Threat Monitoring	**60 Hours**
eLearnSecurity Junior Pentester (eJPT)	Vulnerability Identification, Network Scanning, Port Enumeration & Kali Labs	**40 Hours**
Linux+ Fundamentals Training	Linux CLI Administration, File Permissions & System Operations	**40 Hours**
CompTIA Security+ Fundamentals	Core Cybersecurity Concepts, Security Controls & Risk Mitigation	**30 Hours**
CompTIA Network+ Fundamentals	TCP/IP Protocols, DNS, DHCP, Routing & Network Troubleshooting	**30 Hours**

EDUCATION, COMPETITIONS & VOLUNTEERING

Diploma in Cybersecurity (GPA: 3.89 / 5.00)

King Saud University — Applied College | Expected 2026

High School Diploma (Scientific Track):
Al-Shuhada High School (Graduated 2023 / 1444 H)

National Coding & Volunteering Certificates

- **Saudi Codes Initiative (Misk & MCIT, 2018):** Python, JS & MakeCode.
- **"The Promising Programmer" (MoE & MCIT, 2018–19):** Passed 1st–3rd rounds.
- **Bader Volunteering Group (2018–19):** School & community activities.
